This website, together with its subdomains and mobile applications (the "**Site**"), is owned and operated by 40 Acres App Inc. ("**40 Acres**"). 40 Acres is not a registered broker-dealer, funding portal, investment adviser or transfer agent, and it does not give investment advice, endorsements, analysis or recommendations about any security.

Offerings made under Regulation Crowdfunding are conducted exclusively through [Portal Name], a funding portal registered with the U.S. Securities and Exchange Commission ("**SEC**") and a member of FINRA ("**Funding Portal**"). Funding Portal is a wholly owned subsidiary of 40 Acres and operates the Regulation Crowdfunding section of the Site under a license from 40 Acres. Funding Portal is not a registered broker-dealer and is not a member of SIPC. You can review Funding Portal's registration on FINRA's website at [link].

Offerings made under Regulation A and Rule 506(c) of Regulation D are listed on the Site by 40 Acres and are made solely by the applicable issuer. Funding Portal does not participate in, facilitate or receive any compensation from those offerings. Each offering page identifies the exemption the issuer is relying on and the entity involved. Certain educational pages may refer to 40 Acres and Funding Portal together as "**40 Acres**" solely for convenience.

All securities on the Site are offered by, and all offering information is the responsibility of, the applicable issuer. Neither 40 Acres nor Funding Portal verifies the information issuers provide, and neither makes any representation or warranty about its accuracy or completeness. 40 Acres and Funding Portal are compensated by issuers for listing and related services, as disclosed in each issuer's offering materials. Neither receives commissions or compensation based on the amount an issuer raises. The display, order or featuring of any offering on the Site is based on objective criteria and is not an endorsement or recommendation.

Nothing on the Site, and no communication from 40 Acres, Funding Portal or their officers, directors, employees or agents, is a recommendation to buy or sell any security, or investment, legal, tax or accounting advice. Nothing on the Site is an offer to sell, or a solicitation of an offer to buy, any security in any jurisdiction where that offer or solicitation is not permitted. Offers are made only through the issuer's official offering documents, such as a Form C, an offering circular qualified by the SEC, or a private placement memorandum. Those documents contain important information about the issuer, the securities and the risks. Read them carefully, do your own due diligence, and consult your own legal, tax and financial advisors.

Investments offered on the Site are speculative, illiquid and involve a high degree of risk, including the risk of losing your entire investment. These securities are not publicly traded, are subject to restrictions on resale, and are intended for investors who do not need a liquid investment. Real estate investments carry additional risks, including changes in property values, interest rates and the availability of financing, leverage, and dependence on the sponsor. Only investors who can afford to lose their entire investment should invest. Investment limits apply to non-accredited investors in Regulation Crowdfunding and Regulation A offerings, and offerings made under Rule 506(c) are open only to verified accredited investors. The SEC has not passed upon the merits of any securities offered on the Site, or upon the accuracy or adequacy of any offering materials.

Some securities on the Site are represented by digital tokens recorded on a blockchain. Tokenized securities are securities. They are subject to the same legal requirements and transfer restrictions as other securities, and they cannot be freely traded. Blockchain technology involves additional risks, including software

defects, cyberattacks, network failures and the loss of private keys. Neither 40 Acres nor Funding Portal operates a secondary market, alternative trading system or trading venue for any security, and neither holds investor funds, securities or private keys. Investor funds may be held by an independent escrow agent identified in the offering materials until an offering closes or the investment is cancelled. Securities and digital assets are not bank deposits, are not insured by the FDIC or protected by SIPC, and may lose value.

Additional information about issuers raising capital on the Site is available in the SEC's EDGAR database at www.sec.gov, or in the offering documents on the Site for offerings that do not require an SEC filing. Before investing, verify any issuer information you consider important.

By accessing the Site, you agree to be bound by the Terms of Use and Privacy Policy. Please also review our Investor Education Materials and Regulation S-P Privacy Notice.
